

STOMACH ABLE TO TAKE FOOD

Pres. McKinley's Complete Recovery Promises to Be Very Rapid.

NO X RAY NEEDED

Turned His Body for the First Time Today Without Help.

BULLET MUST STAY

Buffalo, Sept. 11.—At 10:20 o'clock this morning Dr. McBurney said the wound in the president's stomach had healed as was proven by the fact that the stomach has resumed its digestive functions. He said the president could be moved to Washington tonight without great danger, it being absolutely necessary, but he must not return there before October 1.

The inflammation about the president's wound has subsided due to a removal of the stitches.

After the physicians' consultation this morning Dr. Mynter said there was nothing but good news. The president was doing well and they were more confident than ever of his recovery.

The president now takes three teaspoonfuls of pure beef juice an hour.

The president this morning appears to have suffered no ill effects from last night's operation for the relief of inflammation around the cuter wound. The president talks far less in the sick room than many suppose. The weather continues favorable for the patient. A cool breeze is blowing this morning. Rixey said after the first bulletin was issued that last night's operation should cause no apprehension.

Turns Body Without Help.

Today for the first time since he was hurt the president was permitted to turn over on his side. Any one who has ever lain in bed day after day with a wound or incision in his body knows what that means. In the first place it was a tremendous relief to the patient, who has become so weary of lying flat on his back. In the second place it indicates the confidence which the attending physicians have in the condition of their patient.

President's Appetite Good

The nourishment administered the patient is of the lightest character, and he, good humoredly, complains that his appetite is being constantly cheated. Within a few days it is hoped that his stomach will be able to receive liquid nourishment, but the physicians are agreed that it would be far better to starve the president than to run any risk of delaying his improvement.

According to Dr. Park the president's cheerful nature has had much to do with his progress toward recovery.

The steady gain in the president's condition as shown by the bulletins is quick to be noted by the world. Congratulatory messages are pouring in in increasing numbers.

While the bullet in the president's back has not been extracted Dr. Rixey, the president's private physician, says that there is no immediate reason for worry. "The presumption is," said Dr. Rixey, "that it is lodged somewhere in the muscles of the back. Pursuing natural course, it is now encrusted and cut off from possibility of evil."

"There will be no attempt to extract the bullet at the present time, although the X-Ray machines are in the house and all the instruments necessary to an operation are ready."

Talks of His Assassination

President McKinley talked about the man who shot him today, asking particularly about the treatment he had received.

"He must have been crazy," said President McKinley. "I never saw the man until he approached me at the reception."

"He is an anarchist," the president was told.

"Too bad, too bad," was the reply. "I trust though he was treated with all fairness."

GOOD WEATHER FOR ALL THE CROPS; HARVEST PROGRESSING FAVORABLY

Late Grain is Maturing Well—Rain and Frost Retard Work in the Northwest—Tobacco Is Fair.

Washington, D. C., September 11.—According to the official weekly crop report issued today by the agricultural department, the weather conditions of the week ending September 9 have been generally favorable for the gathering and maturing of late crops in all sections east of the Rocky Mountains and the Pacific slope.

Rains retarded work in Nebraska and South Dakota, while the drought continues in portions of Texas and Oklahoma, and rain is needed in the central valleys.

Light frosts were general in the Rocky Mountain region and in Michigan, with little or no damage, and snow was reported in Montana. Conditions have been favorable in the South Atlantic and Gulf states.

Reports from the principal corn states west of the Mississippi river indicate that late corn is maturing rapidly, and that cutting is in active progress. The late crop continues to improve in Nebraska.

Favorable reports regarding tobacco continue. Cutting and housing are in progress and a satisfactory crop is indicated.

No improvement in the condition of apples is reported. This fruit is scarce in nearly all sections and prospects for a poor yield are indicated. In Missouri and Indiana apples are dropping and many trees are dying in the first-named state.

Owing to dry soil conditions, plowing has been retarded in Michigan, Wisconsin, Illinois, Missouri, Oklahoma and portions of Kansas, and the states of the Ohio valley, elsewhere this work has progressed rapidly.

Wisconsin had warm and dry weather until Saturday with light frosts in the northern section on Sunday. Corn will be safe from frosts by the 15. Potatoes are a light crop.

GOOD TEMPLARS MEET AT WAUPACA

First Day's Session of Grand Lodge Taken Up by Reports and Steam Excursion.

Waupaca, Wis., September 11.—The grand lodge of the Independent Order of Good Templars convened in the Danes opera house this morning, the Rev. W. H. Clark of Ripon, grand chief templar, presiding. The attendance was large. The plan adopted at the last session of the grand lodge for redistricting the state has met with the approval of the lodges throughout the state. The forenoon session was given to officers' annual reports and conferring the grand lodge degree upon thirty-six delegates.

In the afternoon the grand lodge went on an excursion to Camp Cleghorn, going by special train to the Soldiers' home and from there on the excursion steamers.

SIT DOWN ON AN OLD SOLDIER

Makes a Flippant Remark Concerning the Shooting of President McKinley.

Madison, Wis., September 11.—(Special)—Another Dane county man has been made to realize the folly of giving expression to anarchistic sentiments in this section, and the lesson was taught without any resort to mob violence. Sam Kirby of Stoughton was the man. He was a Union soldier in the civil war and a member of the Grand Army of the Republic. Saturday in a discussion of the attack on President McKinley, he made the remark that he "would like to see the fellow who did the job and give him a quarter."

That same evening the Grand Army Post of which he is a member held a meeting and voted him out of membership. At the regular meeting of the council Monday evening Kirby, in fear of further punishment, appeared and made an apology for his remark. The council, however, refused to accept the apology, and at a special meeting held Tuesday evening annulled his street sprinkling contract.

It is said that Kirby recently applied for an increase in his pension but was refused by the authorities at Washington. This is supposed to account for his animosity to the government.

RAIN CREATES HAVOC

Heavy Downpour for Seventy-Two Hours in Nebraska Causes Heavy Loss and Blocks Railways.

Omaha, Neb., Sept. 11.—The continuous downpour of rain which has fallen throughout the state for the last seventy-two hours has caused serious loss and in many places impeded railway and other traffic. The water in the Republican and Beaver rivers was higher than in twenty years and the rain fall reached seven and one-half inches at Batley, Neb., where there was almost a cloudburst. Trains on the Orleans branch of the Burlington road were all stopped west of Danbury last night on account of washouts.

SPARKS FROM THE WIRES

Chicago, Sept. 11.—Edmond Wolczynski was arrested here this afternoon on the suspicion that he was the man seen with Czolgosz in Buffalo shortly before McKinley was shot.

Pittsburg, Sept. 11.—The Amalgamated officials this morning refuse either to confirm or deny that Shaffer is working toward a settlement of the strike.

Cleveland, September 11.—The Grand Army sentiment around headquarters today appeared to be strong as ever for Sickles for commander in chief.

Washington, Sept. 11.—All is now in readiness for the Schley court of inquiry which begins tomorrow. The witnesses and all persons involved with the exception of Sampson are on the ground.

Mrs. H. J. Stengle of Edgerton called on friends in this city yesterday.

FIFTIETH WEDDING ANNIVERSARY OF MR. AND MRS. COL. W. B. BRITTON

Married on Sept. 11, 1851, at New Brunswick, N. J.—Have Been Residents of Janesville Since 1855—Reception at the Myers House Tonight.

On the eleventh day of September, 1851, at New Brunswick, N. J., William B. Britton and Elizabeth Combs took upon themselves the vows of matrimony. Since that time fifty years, shaded with pleasures and sorrows, have passed over their heads. This evening the happy couple and their invited guests will meet at the Myers House and celebrate the fiftieth anniversary of that happy day.

They have one daughter, Mrs. Morton Lane, of Chicago, and five grandchildren, who will help make the celebration a success. Mr. and Mrs. Britton are now both well advanced in years but are well and hearty and are enjoying the best of health.

Col. Britton was born in New Jersey in 1829 and resided there until the time of his marriage in 1851. He then moved to New York city and resided there until 1855, when he came to Janesville and has resided here since that time.

In 1861, when the war between the north and the south broke out, Col. Britton enlisted as a private in the 8th Wisconsin regiment, later known as the Eagle regiment, on account of carrying "Old Abe," the war eagle at its head. He enlisted in August, 1861, and was promoted to captain of a company the same month. He was advanced to major in 1862, to lieutenant colonel in 1864, and colonel in 1865.

He was four years and two months in the service. During that time his regiment traveled on foot, by cars and on boats 14,942 miles. He was with them in every battle and missed but one march of six miles during the entire time.

The first battles his regiment took part in were in 1861, at Fredericktown, Mo., New Madrid, Mo., and Island No. 10. In May, 1862, they fought the battle of Corinth, Miss., and in September the battle of Iuka. On October 3-4, 1862, they fought the second battle of Corinth. The siege and capture of Vicksburg was the next hard battle.

After the war Col. Britton went into the furniture business with the late Fenner Kimball and remained in business with him for over twenty-five years until they sold out the business to F. D. Kimball.

He has ever been an upright business man and one that always had the best interests of the city at heart. He has held a number of city offices and has ever shown himself faithful to his trust in the discharge of his duties.

It will give his many friends great pleasure to have the opportunity of gathering with him and his worthy wife at the Myers at this time, and help celebrate the fiftieth anniversary of his marriage.

Preparations are being made by Landlord Johnson of the Myers to accommodate from one hundred and fifty to one hundred and seventy-five guests at the tables this evening.

About one hundred and seventy-five acceptances have been received by Colonel and Mrs. Britton, who are anticipating a happy gathering at their anniversary. Among the guests will be many who were with Colonel Britton during his campaigns and who take great pleasure in being able to be with him at this time to help him celebrate his anniversary.

ATTEMPT ON LIFE OF THE PRESIDENT WAS THE RESULT OF A CONSPIRACY

Leon Czolgosz Has Confessed to the Police—He Will Give No Names, and Will Plead Guilty.

Buffalo, New York, September 11.—Leon F. Czolgosz has confessed to the police that his attempt upon the life of President McKinley was a conspiracy in which many besides himself had a part. So far as can be learned Czolgosz has refused to mention any name besides that of Emma Goldman, but papers are in existence which, if they can be discovered, will lay bare the entire conspiracy and will result in wholesale arrests, followed by prosecution.

Acting from instructions from Secretary Root, the police still refuse to give the details of the confession as made by Czolgosz, but in Superintendent Bull's office today it was said that if the would-be assassin's confession were published in full a wave of indignation against anarchism of the organized sort would sweep over the country which would inevitably result in serious disorders.

Czolgosz Will Plead Guilty

While Czolgosz retains his show of bravado he announces his intention of entering a plea of guilty when he is brought to trial. He said that he knew full well that he is at the mercy of society, which he detests, for which reason he will make no fight in court, but will enter as soon as possible upon his punishment.

Society may well congratulate itself that the life of Czolgosz was not stamped out by the frenzied mob that sought to kill him a moment after he had fired a second bullet at President McKinley. Had he been put to death there would have been no way of bringing his accomplices to justice. It is now practically assured that at least a modicum of justice will be meted out to those who with Czolgosz sought to overthrow law and order.

Papers in a Buffalo Sewer.

Although Emma Goldman has been arrested in Chicago it is probable that she will be brought to Buffalo for trial. The center of the conspiracy is here. Today Buffalo is filled literally to overflowing with agents of the secret service, scores of whom have arrived here. A search is being made of every sewer that underlies the city, for it is known that in one of them is a package of papers containing the details of the plot, containing the names of those concerned with Czolgosz in the plot, together with an outline of its ramifications.

In his confession Czolgosz has told of his attempt to destroy the written evidence of the conspiracy. He said that time did not permit him to burn the papers, as he had desired.

OLDEST BADGER DEAD

Joe Drew of Prairie du Chien, Said to Have Been First White Child Born in Wisconsin.

Prairie du Chien, Wis., Sept. 11.—Joe Drew, an old resident of this city died at the age of 90 years. He was born in 1811 in this city, of Canadian French parents, and has always lived here. He is said to have been the first white child born in Wisconsin. He has never had a day's illness.

WANT TO REDUCE DUTY ON TOBACCO

Merchants' Union of Havana Draws Up a Report for the Consideration of American Government.

Havana, September 11.—The merchants' union has drawn up a report on the tobacco industry of Cuba. The union asks that the duty on cigars imported into the United States be placed at \$2.50 per thousand, that the ad valorem duty be removed, that the duty on wrappers be fixed at \$1 per pound instead of \$1.80 and on fillers at 20 cents per pound instead of 3 cents. The union calculates that by these duties the United States would gain \$2,365,000 in increased custom duties.

The union also says that Porto Rico has an unfair advantage over Cuba in that coffee from the island enjoys the advantage of the Cuban market, while Cuban cigarettes, which were formerly sold in Porto Rico, now have to pay the same rate of duty as in the United States.

TROTTERING STARS WILL MEET AGAIN

Return Match Between Cresceus and the Abbot for a Purse of Twenty Thousand Dollars.

New York, September 11.—Negotiations for a return match race between the two greatest trotting horses in the world—George H. Ketcham's Cresceus (2:02 1-2) and John J. Scannell's The Abbot (2:03 1-4)—have been completed by C. W. Jewett, secretary of the Readville trotting track, who came to New York on Sunday on that errand.

The new race is planned to be a substitute for the one arranged last season by Mr. Lawson for Cresceus, Charley Herr, and Borama, to be trotted at Readville on September 19. That event recently fell through because none of the horses with the exception of Cresceus could be got ready for the race.

Mr. Lawson authorized Mr. Jewett to offer a purse of \$20,000 for the race between Cresceus and The Abbot, and with that proposition Jewett came on to New York to discuss the matter with Mr. Ketcham.

He has ever been an upright business man and one that always had the best interests of the city at heart. He has held a number of city offices and has ever shown himself faithful to his trust in the discharge of his duties.

SENATOR SPOONER DEEP IN THE WOODS

On a Hunting Trip, and Has Likely Not Heard of the Attempt on McKinley's Life.

Madison, Wis., Sept. 11.—(Special)—Senator J. C. Spooner, whose silence regarding the attack on President McKinley's life has caused some surprise, has not, in all probability, heard of the attempted assassination. The senator is up in the deep woods of the province of Quebec hunting moose, in company with his son, Charles P. Spooner, of Milwaukee. He is expected to return to civilization about September 15.

DANE COUNTY ASSESSMENT

Valuation of Property is Forty Per Cent Higher Than Last Year.

Madison, Wis., September 11.—According to returns made to the county clerk the assessment of the property of this Dane county is about forty per cent higher than last year. The total valuation of property outside of Madison is \$30,600,109, an increase of \$8,640,777 over last year. The Madison assessment, which has not been completed yet, will be about \$18,000,000, an increase of about \$11,000,000.

STEEL STRIKE WAR STILL UNDER WAY

McKeesport, September 11.—No attempt was made this morning to start the steel department of the national tube plant as announced yesterday. The fires were drawn last night and the men sent home. The strikers are out in force this morning.

Stork to Visit York

London, September 11.—Truth announces today that the Duchess of York expects an accouchement in January and that the route of the royal couple through Canada may be curtailed on that account.

Major W. S. Henry of Jefferson has sent a letter of thanks to Chief Spencer for the way in which the Janesville department turned out at the time of the fire at Jefferson. He said: "If any of the Janesville department had occasion to visit his city the people would show their gratitude more eloquently than he was able to explain by letter."

MISS GOLDMAN UNDER \$25,000 BAIL; CHICAGO REDS ARE HELD FOR TRIAL

Arraigned This Morning on Charge of Conspiracy to Assassinate President—Buffalo Wants Them Also.

Chicago, September 11.—Miss Emma Goldman was arraigned this morning to answer to the charge of conspiracy to assassinate the president. The case was continued until September 19. Bail for Miss Goldman and the other anarchists under arrest here was fixed at \$25,000 each. A continuance was granted because her attorney failed to appear.

When asked what she had to say to the charge preferred against her Miss Goldman vowed her innocence and said that the authorities had no right to hold her. The judge, however, thought differently and ordered her back to jail.

Buffalo has requested extradition papers for all anarchists under arrest here.

FINE EXHIBITS AT STATE FAIR

Weather is Not Propitious and the Attendance Is Small.

AWARD OF PRIZES

Wet Track Has Spoiled a First Class Program of Horse Races.

LARGE STOCK SHOW

Milwaukee, Wisconsin, September 11.—At noon there was an attendance of about 5,000 people on the state fair grounds. The threatening, gloomy weather kept as many more away.

Secretary John M. True of the state fair association expressed himself as satisfied under the circumstances, with the attendance, and said that nothing but bad weather would prevent this year's fair from being the best in the history of the association.

The Biggest Pumpkin

The wonders of the world are to be seen at the state fair for there is nothing more wonderful than the wonders of nature, and nature in all her manifestations is present in every corner, spot and locality on the fair grounds. The biggest pumpkin is there and it weighs this year only seventy-three pounds. The biggest cabbage is there. It weighs thirty-two pounds. The best horse, the finest fruit, the tallest wheat, the sweetest smelling clover, the fattest pig, and the dearest and most brown-eyed of all bobbies is to be seen, besides.

Especially northern Wisconsin would cause the wandering Arab to fold up his tent, burn it, and come and buy a farm in Wisconsin.

Northern Farmers Lead

Especially northern Wisconsin Southwestern Wisconsin has usually carried off the palm at the state fair, but this year has been so dry that the farmers could not do as well as usual, while the northerners have made special effort to show what a wonderful fruitful country is to be found up the state.

Side Shows There, in Force

Close to the dairy building is the county exhibit. On the open field back of these buildings is the big farm machinery exhibit, where a large crowd was gathered all day long watching the wheels go round in the corn huskers and big threshers. And back of all is a collection of side shows where the old familiar wild man, this time a six-footed furry backed freak from the Philippines, is on exhibition, together with two "ferocious lions" the biggest horned steer and the "only Mexican jaguar" now on exhibition in the country.

Apples From the North

It has been thought that apples would not grow good as far north as Price, Ashland and Douglas counties. Wolf river apples are shown, transplanted from southern seed, that weigh nearly if not a pound. Alexandra and Duchess of Oldenburgs also are large, weighing almost a pound.

The big cabbage of the Price county exhibit weighs twenty-six pounds and the rye that the farmer boy and his lass comes through on their way home at eventide stands five feet, as it is, cut in the booth. Price county has no whopping big pumpkin this year its largest one weighing 72 pounds. Last year, however, it took the pumpkin prize with a 103 pounder.

Ashland's Big Potatoes

Ashland county has all the exhibits of Price and Douglas counties, which is natural, as Ashland county lies between the other two. The exhibit shows potatoes that should have sold for \$5 each, at the prices quoted on them a couple of weeks ago.

Excels Other Cattle Displays

The cattle exhibit is regarded as the finest ever shown in Wisconsin. "Never before," said Prof. Henry, dean of the agricultural school at Madison, "was there such a fine exhibit of cattle as at the state fair. Fanatically noteworthy are the Guernseys, and the cattle that have been shined here from Iowa on their way to the Pan-American."

Many of the cattle are expected to take prizes at the Pan-American and some of them are worth in the thousands.

Assemblyman Charles L. Valentine and family returned home this morning from their summer's outing at First Lake, near Stoughton.

HALL'S LEOPARD STILL AT LARGE; HOUNDS ARE PUT ON HIS TRAIL

Reports That the Animal Has Been Seen Near This City—Rewards of \$250 for Its Capture Offered.

The leopard which escaped from its cage at Colonel Hall's menagerie Sunday still continues to be the chief subject of gossip around Evansville. Although a large number of men armed with shotguns and rifles have been looking for the beast ever since he got away they have been unable to locate him. Hounds have been secured and put on his trail. Owing to the rain which fell last night they have worked with difficulty. The leopard was born in Africa eight years ago and weighs 400 pounds. Colonel Hall has owned him for the past two years. Last spring, Cordona, the animal trainer taught him to perform with other leopards, but owing to his ugly disposition he was obliged to give up the task.

OVER 65,000 WORDS SENT FROM BUFFALO

As Set Up and Displayed in the News papers It Would Fill Nearly 500 Columns.

Buffalo, Sept. 11.—No fewer than 650,000 words were sent out of Buffalo yesterday by the Postal Telegraph and Western Union Telegraph companies, special dispatches to newspapers all over the world. It is difficult for those who are accustomed to ten words in sending a telegram to realize what this means. As set up and displayed by the newspapers that received them, these 650,000 words filled nearly 500 columns. If one newspaper had received all the special reports sent out, it would have had eighty pages of matter concerning the president, exclusive of illustrations.

Such a tax as this on the two telegraph companies is without a parallel in Buffalo. In fact, there has never been an event of public interest hereabout which news has been sent out in any degree comparable with the flood of the last twenty-four hours. Coming unexpectedly, and on top of a great volume of business due to the Pan-American exposition, the local officials of the two companies have been forced to extremes, unaided in their experience. In numerous instances operators had to work constantly thirty-six hours at a stretch, leaving their instruments only long enough to get a light lunch. The day forces on Friday afternoon, were continued through Friday night, and it was yesterday afternoon before several of them were allowed to leave to get a few hours of much needed rest.

From all available parts of the country additional operators have been rushed to Buffalo, one of the companies increasing its force by this means by twenty-four operators today. There have been about 175 operators at work in both offices constantly for the last twenty-four hours and there is no sign of diminution of the volume of business filed by newspaper correspondents here.

Nearly every newspaper of importance in the United States, and several of those published in foreign countries, have staff reporters in Buffalo, all of whom have been, for nearly twenty-four hours a day, struggling to obtain every fact of interest in connection with the president's condition and the circumstances surrounding his attempted assassination.

City Hall Foundation.

The work on the foundation to the new city hall has been delayed for a couple of days by the rain. A large force of men are at work today and the concrete base for the walls is being laid. About half of the stone is on the ground ready for the walls as soon as Mr. Rawson is ready for it. Offices and tool sheds and a building for the stone cutters have been erected so that the weather will not hinder the preparation of the material for the building.

Rockton Depot Fire

It transpires that the loss to the Chicago, Milwaukee & St. Paul Railway company by the burning of their depot at Rockton Monday may be a far greater loss than was at first supposed.

The English staff system is used

WOMAN FLEES FROM HOSPITAL.

Health Not Returning Causes Mrs. Joseph Batsuma to Leave Hospital After a Week's Stay.

Chicago, Ill. (Special Telegram).—Yesterday morning the Mercy Hospital attendants were mystified at the disappearance of Mrs. Joseph Batsuma.

It was believed for a time that she had committed suicide, but after a diligent search aided by the police, she was discovered in the home of a nearby friend.

When interviewed she said, "I had heard of several persons that had been restored to health by using Dr. Arnold's Nerve Family Tea and decided to try it myself. A friend advised me to come to her home and I did so, thinking that she would notify the hospital clerk. Since leaving the hospital I have taken two cups of this tea and feel much better every day. In two or three days I shall be around again, I am sure."

People want Dr. Arnold's Nerve Family Tea and will have it under all circumstances, because it does give immediate relief and a permanent cure for all stomach disorders, liver troubles and kidney ailments. Ask your druggist. After you test it, you'll never be without it.

Some animal with a spotted skin crashed through the brush close to where they were looking for the ball. The golf players decided it must be the leopard and agreed to call it a lost ball and made quick tracks for the open country.

It was also reported that the animal had been seen prowling about the cemetery among the graves. Several of the best shots in the city immediately gathered together a big game outfit and left in pursuit of the animal, but up to a late hour last night they had not succeeded in getting a shot at their quarry. Since the Angle Worm club disbanded it is quite a difficult matter to get a crowd of hunters used to killing big game (around the stove) together. There is no doubt but that the leopard would soon be captured if the Angle Worm club would take the matter in hand. Colonel Hall offers a reward of \$250 for its capture, dead or alive.

Two million Americans suffer the torturing pangs of dyspepsia. No need to Burdock Blood Bitters cures. At any drug store.

Impossible to foresee an accident. Not impossible to be prepared for it. Dr. Thomas' Electric Oil. Monarch over pain.

Don't let the little ones suffer from eczema or any torturing skin diseases. No need for it. Doan's Ointment cures. Can't harm the most delicate skin. At any drug store, 50 cents.

For forty years Dr. Fowler's Extract of Wild Strawberry has been curing summer complaint, dysentery, diarrhoea, bloody flux, pain in the stomach, and it has never yet failed to do everything claimed for it.

JOHN MOST BLAMES YELLOW JOURNALS

Their Ridicule of the President and Government Officials Leads to Anarchist Crimes.

New York, Sept. 11.—The local anarchists are more inclined to blame "yellow" journalism for the crime of shooting President McKinley than they are to blame the speeches or writings of Emma Goldman. John Most blamed the New York Journal for the crime. Most is quoted as saying:

"You wish to make this man one of us? Why don't you read the Journal? Look at the caricatures on the last pages, where your president is portrayed in a way that would make even a bootblack ashamed. Is it no wonder if this poor Czolgosz permitted himself to be incited to make an attempt that may produce complications that we cannot even foresee?"

"These pictures daily show the president as a little, foolish man. He is ridiculed, and such ridicule affects the ignorant mind."

"Why should this murderer be called an anarchist? Why should the anarchists be held responsible for him? In China the schoolmaster is held for wrong done by a pupil, because it is held that the pupil must not have been educated properly; so the schoolmaster is punished. Instead of punishing the drunkard they punish the man who sells the liquor. Would it not be well to apply this rule in cases like this once in a while?"

BRYAN DENOUNCES SPREAD OF ANARCHY

It Can Be Neither Excused Nor Tolerated Here—Severe Punishment is Necessary.

Buffalo, Sept. 11.—"Free government may be overthrown," says William J. Bryan in a telegram received in this city today, "but they cannot be reformed by those who violate the commandment, 'Thou shalt not kill.' Under a government like ours every wrong can be remedied by laws and the laws are in the hands of the people themselves."

"Anarchy can be neither excused nor tolerated here. The man who proposes to right a public wrong by taking the life of a human being makes himself an outlaw and cannot consistently appeal to the protection of the government which he repudiates." He invites a return to a state of barbarism in which every one must at his own risk defend his own rights and avenge his own wrongs.

The punishment administered to the would-be assassin and to his co-conspirators, if he has any, should be such as to warn all inclined to anarchy that while this is an asylum for those who love liberty, it is an inhospitable place for those who raise their hands against all forms of government."

MAY ASK FOR DAY OF THANKSGIVING

People from All Over the Nation Request the Vice President to Set Day for Rejoicing and Prayer.

New York, September 11.—A day of special thanksgiving for the preservation of the life of President McKinley is being urged by representative men in all walks of life, and it seems probable that Vice President Roosevelt will soon issue a proclamation appointing such a day.

As the bulletins from the president's bedside have become more and more encouraging the happiness and thankfulness of the people have been manifest on all sides.

It was deemed appropriate that the vice president should issue the proclamation, and today scores of telegrams from heads of financial institutions here, from prominent clergymen of all denominations here and elsewhere and from officials in Washington were sent to the vice president at Buffalo asking him to adopt a special thanksgiving day within the next ten days.

It is confidentially believed in New York that the vice president will welcome such an opportunity to express his own friendship for the president and the people's joy over his recovery.

AN INSPECTION OF CITY STREETS

The highway committee of the common council were out with the fire patrol wagon this afternoon, inspecting the streets of the city that have lately been macadamized. Court street came in for a fair share of inspection.

The street was started a year ago and is not yet completed. The residents of the street are indignant over the way the work has been allowed to drag on, and say the street is not yet more than two-thirds completed. Many of those residing near the east end of the street say they will not pay the assessment until the street is completed according to specifications and it is a long way from it now. In many places the large rubble stone is not covered with the fine stuff at all. This is the street that John Martin was given the contract for building and is now being completed by the city and charged up to the general fund. The difference between the contract price and what it is costing to finish the work should fall on Martin's bondsmen, but it is very doubtful if they can ever be made to settle.

Deafness Cannot Be Cured by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian tube. When the tube is inflamed you have a running or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

CHOIRS COMBINE AT EVANSVILLE

The choir of Trinity church has been invited to join with the choir of St. John's Episcopal church at Evansville in a choir festival to be given in the Evansville church tomorrow evening at 7:30 o'clock and the invitation has been accepted. Members of the local choir to the number of about twenty or twenty-five will make the friendly visit to Evansville, the trip being made in a carryall.

The members of Trinity choir will leave this city tomorrow afternoon and upon their arrival at Evansville they will be entertained at supper by the choir of St. John's. After supper the choir festival will be held in the church, both choirs uniting in the service. The choir from this city, being the visiting choir, will sing the anthem.

The Evansville church has a splendid surplined choir and it is said that their excellent singing attracts a large attendance of non-members to the church services. J. S. Taylor of this city now has charge of the musical direction of the choir. It is expected that St. John's choir will make a return visit in the near future and on that occasion a choir festival by the two choirs will be held at Trinity church.

My heart and hand another claimed His plea had come too late. It's ever thus with people without pluck and vim. Take Rocky Mountain Tea, don't get left again. Smith's pharmacy.

On account of the Walworth county fair, Sept. 16th to 20th, the C. M. & St. P. will run a special train to Elkhorn and return on Wednesday, Thursday and Friday, Sept. 18th, 19th and 20th, leaving Janesville at 8:15 a. m.; returning, leave Elkhorn at 7 p. m. This train will run via the new line. Fare for the round trip, \$1.15.

Gambling House Raided. New York, Sept. 11.—Justice Jerome, District Attorney Gavan, and Frank Moss last night raided an alleged gambling-house on East Ninth street in this city. Five arrests were made. When the raiding party arrived they found the doors barricaded. Sledge hammers were used and an entrance quickly made. There were about thirty people in the room, but only the five for whom warrants had been issued were held.

C. J. Jones and son Harry are in Milwaukee attending the state fair.

FINE AUDIENCE TO SEE "LOVERS LANE"

The Popular Play Pleased Janesville People Who Attended—Cast Was Excellent.

A magnificent audience assembled at the Myers grand last evening to wander down "Lovers Lane" with the quaint and lovable people through whose agency Clyde Fitch tells over again the old, old story that is ever new, and no more delightful stroll was ever taken by the theatre-going people of Janesville. Evidence of this fact was given by the frequent hearty applause and bursts of laughter that made the audience take almost as active a part in the performance as the players on the stage. When all was over only expressions of pleasure were to be heard and it is certain that few plays have ever given such general and complete satisfaction.

Much is due to the play itself, probably the prettiest of the many creations from Clyde Fitch's pen, "Lovers Lane" is as quaintly original and as pretty as its name. There is no intricate plot, but a number of love stories which are brought to a happy ending to the delight of the spectators. The success of the play lies in the clever character drawings, so true to life, its small jealousies and its higher qualities that one immediately recognizes the characters on the stage as the old acquaintances. These characters are very amusing and furnish plenty of legitimate fun. In fact humor and tenderness with a touch of pathos, intermingle throughout the entire play.

The play is beautifully staged and the orchard scenes are as pretty as any ever seen on the local stage. The village street, with the children playing in front of the school, was also true to nature and the little people from this city who assisted the children who are carried by the company did very well indeed. The children who travel with the company are all clever.

Charles Macklin heads the capable cast and played the broad minded minister with pleasing intelligence. His voice is melodious and his work is artistic. Perhaps the most consistently excellent work is that done by Mrs. W. A. Sands as the minister's motherly housekeeper with a kind heart and a sharp tongue. She looks and acts the part to perfection. Jessie Randolph plays the part of the minister's sweetheart in a pretty and talented manner. Leslie Haskell was an excellent "Simplicity" and Nora Dunblane carried the difficult part of the divorced wife splendidly. Seymour A. Rose as her husband also did excellent work.

The most pronounced hit of the performance was made by Isabel Bowman, the school teacher, with matrimonial designs on the minister. The other members of the cast do excellent character work. Louise Arnot as the Irish cook being splendidly good.

Prof. Thiele's orchestra of eight pieces was greeted with applause and excellent overtures added much to the evening's pleasure.

For Over Fifty Years. Mrs. Winslow's Soothing Syrup has been used for children while teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. Twenty-five cents a bottle. Sold by druggists throughout the whole world.

REOPEN PATIENT'S WOUND

The Doctors Issue Reassuring Bulletin on Matter.

MCKINLEY STILL GAINING.

First Food Was Given the President Last Night—He Has Asked for the Newspapers—Four Cabinet Members Remain at His Bedside.

Buffalo, Sept. 11.—The consultation held last night by the physicians in attendance upon President McKinley lasted from 9:20 to 11:20 o'clock. Half an hour after they left the Milburn residence the following bulletin was issued:

"The condition of the President is unchanged in all important particulars. His temperature is 100.6, pulse 114, respiration 28. When the operation was done on Friday last it was noted that the bullet had carried with it a short distance beneath the skin a fragment of the President's coat. This foreign material was, of course, removed, but a slight irritation of the tissues was produced, the evidence of which has appeared only tonight. It has been necessary on account of this slight disturbance to remove a few stitches and partially open the skin wound. This incident cannot give rise to other complications, but it is communicated to the public, as the surgeons in attendance wish to make their bulletins entirely frank. In consequence of this separation of the edges of the surface wound the healing of the same will be somewhat delayed. The President is now well enough to begin to take nourishment by the mouth in the form of pure beef juice.

"P. M. RIXEY,
"M. D. MANN,
"ROSWELL PARKE,
"HERMAN MYNTER,
"CHARLES M'BURNEY,
"GEORGE B. CORTELYOU,
"Secretary to the President."

The opening of the wound was in no sense what is understood generally as an operation. Several of the stitches were taken out, and, after a thorough antiseptic washing of the inflamed tissue, the wound was sewed up again. No anesthetics were necessary. Delay was caused by the fact that a certain dressing desired by the surgeons was not in the house, and it was necessary to send into the city for it. The first time the messenger returned he did not have what was wanted, and he had to make another trip. After the bulletin was issued, Secretary Cortelyou and Mr. Milburn went to the press tent to dispel any alarm that might have arisen, with positive assurances of the unimportance of the incident. Secretary Cortelyou announced that there would not be another consultation until morning. After this all was quiet at the Milburn house. Dr. Rixey and Dr. Washin remained on duty throughout the night.

First Food Given to Patient.

Dr. McBurney took occasion to announce as an additional evidence of the improvement of the patient that it had been decided to begin to give the President nourishment through the mouth last night instead of waiting until today, as had been intended. Beef extract had been preferred. Dr. McBurney announced, and it was being administered as the physicians left. Vice President Roosevelt, Senator Hanna, Controller Dawes, Secretary Gage, Attorney General Knox, and other members of the President's official family also were assured this morning that they could leave town with entire safety, and they departed last night.

Four Cabinet Officers Remain.

Secretaries Hay, Wilson, Hitchcock and Postmaster General Smith remained on hand, not at all because there was the slightest anxiety as to the President's condition, but merely that he might have at hand a little circle of trusted friends and officials. There is not the slightest doubt that President McKinley has made a wonderful step toward recovery, and danger to his life seems to have disappeared. The bulletin by the physicians in the afternoon showed a temperature of 100 degrees, a pulse of 100 to the minute, and respiration of 28. The significance of these figures can best be explained by the statement that the danger line on temperature is about 101 degrees, while the normal temperature of a man of Mr. McKinley's age is about 98.6 degrees.

President's Temperature Lower.

Thus it will be seen that the temperature of his body yesterday, only four days after he was shot, was three degrees below the danger line, and within less than half as much above the normal point. Therefore, so far as the surgeon's thermometer shows, the President is much nearer his average condition of health than he is to a dangerous illness. His pulse, also, is approaching a condition which is entirely satisfactory. It was at an average of 100 beats per minute today. The normal would be about 78 beats. Mr. McKinley, however, as is well known to Dr. Rixey, has a peculiar disposition towards a rapid pulse at times, and particularly so during any physical derangement. The danger line on the pulse is fixed at 130 beats to the minute, so that the President's condition, as indicated by the heart action, is much nearer the normal than any one could have predicted.

McKinley Asks for Papers.

The President himself is in remarkable spirits. No one has been allowed to see him except the physicians, his

brother, Abner, Secretary Cortelyou, and Mrs. McKinley. This is merely a matter of precaution, however, for the President evinced a strong desire to see the morning newspapers.

May Resume Work Next Month.

Under the circumstances, therefore, it is more than likely that the President will insist on returning to Washington as soon as he possibly can do so. His recovery from the effects of the wound, the attending surgeons say, is a wonderful triumph of modern surgery, and is due more than anything else to the presidential promptness with which the necessary operation of sewing up the stomach was performed.

Vice President Off for Home.

Buffalo, N. Y., Sept. 11.—Vice President Roosevelt left for his home at Oyster Bay last night, satisfied that the President is well on the road to recovery.

IS SORRY FOR CZOLGOSZ.

The President is Merciful Toward Assassin.

Buffalo, N. Y., Sept. 11.—President McKinley made inquiries during the day regarding Czolgosz. It was the first time the executive had mentioned the man since he made the attempt on his life, and he wanted to know what had been done with his would-be murderer. When told that he was being held as a prisoner the president said: "He must have been crazy. I never saw the man until he approached me at the reception."

"He is an anarchist," the president was told.

"Too bad, too bad," was the reply.

"I trust he will be treated with all fairness."

The president was told that from all parts of the world messages of sympathy had arrived. He was also told that the American public had shown great grief over his misfortune, and had demonstrated that he has a strong grip upon the affections of his fellow countrymen. He was deeply touched and said that he felt himself to be highly honored. To Dr. Rixey he said that he hoped to recover to show that he appreciated all that had been done for him.

BULLET WILL REMAIN.

President Must Carry Leadin Sling to the Grave.

Milburn House, Buffalo, Sept. 11.—The President will live, but probably will carry the bullet of the would-be assassin with him to the grave. This is the expressed opinion of Dr. Charles McBurney of New York in a statement made after the latest consultation of the physicians. He announced that the President had passed the danger point and now only the possibility of complications remained. He also announced that unless the bullet imbedded in the muscles of the back caused trouble there would be no necessity to extract it. In his opinion it would not even be found with the X-ray. The only use of the X-ray, he said, would be to satisfy curiosity. All the other physicians were just as confident after the consultation that recovery was assured. Dr. Mynter said the President was out of the woods and Dr. Washin supplemented the figure of speech by adding "with plenty of daylight behind him." Dr. Roswell Park expressed it this way: "Unless unexpected complications occur we expect him to recover."

Brewers Denounce Assassin.

Philadelphia, Sept. 11.—The first business session of the United Brewery Workers' convention was held here today. A resolution was adopted denouncing the attempted assassination of President McKinley. The most important business to come before the convention is consideration of the threatened lockout of union men by the brewers.

Status of Schley Inquiry.

Buffalo, Sept. 11.—Acting Secretary of Navy Hackett has been pressing Attorney-General Knox, both by wire and letter, to appoint one of the assistant attorney-generals, to assist Capt. Lemly, the judge-advocate of the Schley court of inquiry in the conduct of the case before the court. The attorney-general, however, has declined to take a step which he believes would look like the government prosecution of the officer under investigation. The government in his opinion should have no part in the inquiry. It is an inquiry under the navy department made at the request of Admiral Schley and the government has nothing to do with it.

Boers Hugged by British.

London, Sept. 11.—The following dispatch has been received from Lord Kitchener, dated Pretoria:

"Since Sept. 2 the columns have again got good results, the total bag being 681, composed of sixty-seven killed, sixty-seven wounded, 384 made prisoners, and 163 surrendered; also 179 rifles, 66,211 rounds of ammunition, 3,400 horses, and 19,000 head of cattle."

Lord Kitchener further says that the situation in Cape Colony is unchanged, except capture of Lotter's command reported last week.

Mutiny by Steamer's Crew.

Vancouver, B. C., Sept. 11.—According to news brought by the steamer Tartar from the orient the crew of the steamer Pelika of Manila mutinied last month at Cebu. They killed Capt. Velasco and the other officers and several sailors and then cast the vessel adrift. The boat was taken in tow by an American gunboat and brought to Cebu.

Killed and Burned in Wreck.

Woodstock, Ont., Sept. 11.—Two persons were instantly killed, two burned to death and one mortally injured in a railroad wreck near here today.

THIN PEOPLE

should try Hostetter's Stomach Bitters. Loss of flesh means that your food is not being properly digested. The blood becomes impure and the result is indigestion, constipation, dyspepsia, flatulency, inactive liver and weak kidneys. The cause lies in the stomach. Hostetter's Stomach Bitters will reach it and cure it. Be sure to give it a trial.

WISCONSIN WEATHER FORECAST
Threatening, rain tonight and Thursday.

ANARCHY AND SOCIALISM.
The American people are not slow to denounce anarchy as a viper, and just now are vigorous in demanding its removal from American soil. In the light of recent occurrences, socialism presents some features that have heretofore not been recognized, and the verdict of public opinion is not slow in classifying it and placing it where it belongs.

Socialism aspires to the dignity of a political party, while anarchy denounces government and attempts to destroy it by the red hand of assassination.

Socialism has many disciples, because of its fine spun theories. Anarchy has a limited number because of its bloody and murderous record.

Socialism has been considered harmless as a political power, and not particularly dangerous as a disturbing element, because its leaders are so erratic and visionary, while anarchy has always been denounced because of its open handed violence.

In view of the many differences that have been supposed to exist between socialism and anarchy, people were surprised at the attitude of the socialist organization in Chicago last Sunday, when at a meeting, 2,000 strong, resolutions denouncing anarchy and the attempt to assassinate the president, were voted down.

This act places upon the organization a new brand of disapproval, and puts several new nails in a coffin that the nation can well afford to bury out of sight.

American freedom, and all the liberty that the term implies, is all too frequently abused, and license to speak and act is so largely assumed that there is constantly coming to the surface, political and various other organizations that are a menace to the peace and welfare of the nation.

While it is difficult to find men and women who glory in the title of Anarchist, they do not hesitate to say with evident pride: "I am a socialist." If they have just entered the primary department they may declare in louder voice and with greater pride, "I am a populist," for they all belong to the same school of unrest.

The nation is cursed with a lot of people who are dissatisfied and disgruntled. While anarchy represents avowed lawlessness, there are a host of issues more dangerous, because more subtle and fascinating.

The world has an army of one idea and America has its full quota. This class of people rapidly develop into hobby riders of the most dangerous sort. If they mount a religious horse they speedily find themselves in the camp of populism or socialism or other fanaticism.

If their brain adopts political economy as the single graft, they soon discover that the government needs readjusting, and they become kickers in the camp of populism or socialism or some other reform movement of less pronounced type. The kind of reform most needed today is a return to good old fashioned common sense.

FRIARS IN THE PHILIPPINES.

The antagonism of the native Filipinos for the friars seems to be assuming definite shape. For fear of mob violence, the authorities have forbidden the friars holding meetings of any kind. It has been suggested that the church of Rome recall the Spanish friars and appoint American priests to take their place. The friars have been notified that they are not wanted and several have been mobbed on attempting to hold services.

Any thoughtful man can realize that this is a serious matter and may mean a revolution, bloodless though we hope.

The one encouraging fact is that wherever clashes come will be found the strong arm of the government which will allow no breach of peace. The policy of the United States has always been to allow priests and laymen to settle their own difficulties so long as they do not come to blows, but actual conflict cannot be allowed.

The friars previously have owned the native's soul and body and have ruled them with an iron hand. All this has been changed and the friars ought to recognize the fact, and not try to force their religion onto an unwilling people. No religion now has more of a right to exist in the islands than any other religion and it may take a riot or two to impress this fact into the minds of the priests.

The question may be asked: "Why do the Filipinos hate the friars?" Because they have been the real oppressors, they have been "ipso facto" the government, and now that it is possible to rid the islands of the real power behind the Spanish rule,

the men and women who prize liberty and the security of their homes and daughters do not propose to see these oppressors thrive any longer. It is said that the curse of Rome is not a circumstance to the curse of the friars, and Justice impersonated in their God will not deal hard with those who love their freedom more than the church of Rome.

It has been suggested that Lieutenant Governor Stone be called to the executive chair during Governor La Follette's illness. The suggestion is a good one and should have been adopted long ago. It is hardly fair to crowd so much responsibility onto the private secretary, however willing he may be to assume it.

The same Carrie Nation that was recently endorsed as an apostle of temperance, said to a Coney Island audience the other day, that she hoped McKimley would die. That's simply another specie of Carrie's lunacy. David had good ground for divorce.

Frank E. Noyes, editor of the Marinette Eagle, and recognized as a staunch conservative republican, has recently been deprived of a place on the library board by the Stephenson-La Follette organization at Marinette. Mr. Noyes will be able to live without the position, but the city is deprived of the services of a good man.

Why don't the committee on sewerage make a report? The people, after voting for the improvement, have a right to know what is being done.

PRESS COMMENTS.

Madison Weekly: It is painfully apparent that there are some republicans in this state to whose hearts every great speech of Senator Spooner and every great service he does the party drive a pang.

Racine Journal: The lesson of yesterday that forcibly impresses itself upon every American citizen is that there is altogether too much fine-spun socialistic talk going on, especially in our institutions of learning.

Sparta Herald-Advertiser: Tax Commissioner Nils P. Haugen's attack on Senator Spooner is not receiving the endorsement of the Scandinavians of this county. A couple more efforts like that and he will find it necessary to take to the woods for a hunting trip.

Milwaukee Sentinel: The Wisconsin republican league is working outside the republican organization. It is working, however, purely and solely for the maintenance and perpetuity of republican principles. The Wisconsin Republican League is not working against the regular republican organization and never will so long as the state organization works for the best good of the republicans of Wisconsin as against the political ambitions of a single man.

Milwaukee Free Press: The stalwart newspapers might treat Mr. Bliss of Janesville much better than by saying pleasant things about the late resigned Mr. Bishop of the board of control. It really isn't the way to treat a brother stalwart. It puts Mr. Bliss into a most uncomfortable position, Mr. Bishop being a stalwart too, and responsible for the Janesville gentlemen's woes.

Indoor Men's Outdoor Habits.

President Barrows of Oberlin believes that the "rage" for athletics will be overruled for good; that we'll form the outdoor habit and be the healthier for it. "If I had the ear of the leading business men of America," he says, "I would whisper in it as the wisest counsel I know to men over 50 years of age, 'Golf first and business afterward.' This means longer lived, more successful, happier and better American citizens."

JAMES HOWARD ON TRIAL.

Must Answer for Murder of Governor Goebel at Frankfort, Ky.
Frankfort, Ky., Sept. 11.—The trial of James Howard for the murder of William Goebel was called in the Franklin court today. The Commonwealth called 110 witnesses, of which forty-eight answered. Among these are twenty-five new ones, mostly mountain men and women. The list reads like the history of the famous Kentucky fueds. Among them are a half-dozen Philpots. The name is famous in fuedist history. Howard was brought into court for the first time this afternoon. Of the 600 people in the packed courtroom he was the handsomest, most immaculately dressed man, and apparently in the best of spirits. He looked more like a college athlete than a mountaineer and smiled pleasantly as he shook hands with his lawyers. The trial was continued from 3 o'clock this afternoon till 9 o'clock tomorrow morning on motion of the Commonwealth to give time for getting witnesses together.

HOT ON ANARCHISTS' TRAIL

Secret Service Officers Seek Evidence of a Conspiracy.

ARE WEAVING A DRAGNET.

Chief Wikke Hopes to Run Down Every One Connected With Crime of Czechoz.
—Reasons for Arrest of those in Custody.

Washington, Sept. 11.—Chief of the Secret Service Wikke, with the help of the officers throughout the United States, is weaving a net which is expected to catch within its meshes every anarchist who is believed to have conspired with Czechoz to bring about the murder of President McKinley. In addition to the arrests made at Buffalo two others have been made by Chief Wikke's order. These are the arrests of Antonio Maggio at Santa Rita, N. M., and of Emma Goldman in Chicago. Orders are already out for still further arrests, and as fast as the investigation being made tends to implicate still others they will be taken into the net. Men are not to be arrested simply because they have professed anarchistic sentiments, but only those who are believed to be implicated in the conspiracy or to possess information that may lead to the arrest of conspirators.

Wikke Works Quietly.
Though it is not within the line of their duties as defined by Congress, the secret service men have been able to keep in touch with many of the leading anarchists throughout the country, and when any of them are wanted it is probable that Chief Wikke will be able to locate them with the aid of the police authorities in the principal cities. Brass band methods are not being used in the work that is now being done. Chief Wikke always pursues the policy of complete silence until results have been accomplished, and he is more than ever secretive at this time. No confederate of Czechoz will be warned to be on his guard by anything he can learn as to what the secret service is doing. All that can be learned about the arrest of Emma Goldman is what has already been published as a result of Czechoz's declaration that he was led to shoot the President by the influence of her lectures. There is reason to believe, however, that Chief Wikke intends to connect her more directly with the crime, especially in view of the fact that Czechoz visited her. It is not believed that the anarchist would have gone all the way to Chicago to see the woman whose utterances had inspired him to the attempt to kill the President and not talk with her about the great project which was apparently his only object in life.

Case of Maggio.

The same policy is being pursued in the discussion of the arrest of Antonio Maggio. All that Chief Wikke will say is that Maggio was arrested because of the statements he had made that President McKinley would be shot before Oct. 1, and that he wished that he had been selected to do the shooting. It is known, however, that Chief Wikke has information connecting Maggio with the Petersen gang of anarchists in different parts of the country. When questioned as to the reasons for Maggio's arrest Mr. Wikke replied that he thought it would be a good thing to arrest him and see what he had to say for himself.

EVIDENCE OF PLOT LACKING.

District Attorney Penney's Investigation Without Result So Far.

Buffalo, N. Y., Sept. 11.—District Attorney Penney said yesterday: "I cannot make any statement regarding the examination. We are doing our best to fix the crime. We are receiving information from all parts of the world, and we are investigating."

"With what result?" he was asked. "No result," he answered.

Mr. Penney's attitude seems to be that there is as yet no evidence of a conspiracy to remove the president. Gov. Odell will return to Buffalo on Saturday and it was announced last night is to call an extraordinary session of the grand jury for Erie county to indict Czechoz, and Henry A. Childs, Supreme court justice for the eighth district, is to be designated by Gov. Odell to preside at the trial.

The full penalty on conviction is ten years in state prison.

It has been practically decided, it was further declared, not to summon President McKinley as a witness for the prosecution for the reason that there are sufficient witnesses to tell of Czechoz' guilt. The assassin has no lawyer to defend him, and it may be that the court will be compelled to assign a lawyer to put in the best plea possible for him.

TO TAKE ANARCHIST CENSUS.

Presnet Commanders at New York to List "Reds."

New York, Sept. 11.—Police Commissioner Murphy made up his mind today to keep an eye on all anarchists in this city from this time on in case of future trouble. In accordance with this determination he sent out this order:

"To Commanding Officers of precincts of all the boroughs: You are hereby directed to make a police census of all male and female anarchists residing within the boundaries of your command. This must be done with the utmost caution, so that the names of innocent persons should not be confused with those of pronounced anarchists. This should be done as speedily as possible and as secretly as the

nature of the investigation will warrant.

"It is possible that, after these people discover that a census is being made of them, they will move to other quarters. It will be your duty to discover where they move to and when they moved from their former habitations."

"Forward the census, when completed, to this office, where the report will be verified by a more critical inquiry."

EMMA GOLDMAN ARRESTED.

Chicago Police Claim to Have Unearthed Plot to Kill President Last Year.

Chicago, Sept. 11.—President McKimley was marked to have been assassinated by anarchists in Chicago a year ago during the encampment of the Grand Army of the Republic. The plot was balked by the announcement at the last moment that, owing to the press of business at Washington growing out of the Chinese complications, the president would be unable to meet his old army comrades in Chicago.

This information, which came into the hands of the authorities today, is regarded by them as of the utmost importance, because it tends to show that at least some of the Chicago anarchists are connected with the attempted assassination of the president at Buffalo, and that they have had guilty knowledge of a plot to take his life longer than a year. How much more they know about the matter is what the police and the secret service men are trying to find out, but it is believed that a line has been discovered that will result in connecting directly with Czechoz the name of Emma Goldman, as well as the names of certain Chicago "reds."

Emma Goldman was taken into custody here today having been found in hiding in a flat at 303 Sheffield Ave.

Pittsburg "Reds" Still Held.

Pittsburg, Pa., Sept. 11.—Carl Nold and Harry Gordon, local anarchists arrested yesterday, are being held pending the arrival of a secret service agent from Buffalo, who is expected here later in the day to assist in "sweating" the men for information concerning Emma Goldman. An interpreter is at work on the papers found in the houses of Gordon and Nold. No communication can be had with the men. Their friends seem to have forgotten them, as no one has called to inquire about them. Both maintain a stolid indifference.

Czechoz Owns Plot.

New York, Sept. 11.—A special to the Herald from Buffalo says Leon F. Czechoz has confessed to the police that his attempt upon the life of President McKinley was the result of a conspiracy, in which many besides himself had a part. So far as can be learned, Czechoz has refused to mention any name except that of Emma Goldman, but papers are in existence which, if they can be discovered, will lay bare the entire conspiracy and will result in wholesale arrests, followed by prosecutions.

Car Sends Personal Dispatch.

Buffalo, N. Y., Sept. 11.—The following cablegram has just been received from Czar Nicholas:

"Fresborg—To President McKinley, Buffalo, N. Y.: Am very happy to hear you are feeling better after the ignominious attempt on your life. I join with the American people in the universal wish for your speedy recovery."

"NICHOLAS."

W. H. Greenman left today for Bridgeport, N. Y., where he will visit his mother for a short time. He will take in the exposition at Buffalo before returning.

HEROISM OF MASTER JOHN AIRIS RESCUES 3 PEOPLE FROM DROWNING

Those Who Owe Their Escape From a Watery Grave to the Brave Youngster are Mrs. Frank Peters, Miss Pearl Peters and Miss Fannie Litts.

To the heroism of John Airis, the thirteen year old son of Mr. and Mrs. George J. Airis, is due the rescue of three lives from a watery grave in Rock river and to his bravery alone is due the averting of a triple tragedy.

Those who owe their lives to Master Airis are Mrs. Frank Peters, who lives on Maple court, near twelve year old daughter, Miss Pearl Peters, and Miss Fannie Litts, aged eleven years, daughter of Mr. and Mrs. W. J. Litts, who resides at 221 Washington street.

All three had been under water for some time when rescued and would have been drowned but for the prompt and heroic action of the boy, who dragged them out, one at a time, from the river.

Modest Young Hero

The accident happened last Friday afternoon, but so modest was the young hero that only the immediate friends of those concerned knew of the accident which came so near to being a tragedy and comparatively few of these know how serious the situation really was.

Pearl Peters, Fannie Litts and two other young girl companions were in bathing in the river near the west bank of the river just below the Palmer Memorial hospital. The girls have been in the habit of enjoying themselves in this manner during the hot summer months and as they could not swim kept near to the shore.

When the accident happened Pearl Peters and Fannie Litts were in water about to their waists and were jumping up and down. Suddenly the little girl catching at her hair, but failing to hold on. Then Fannie disappeared also and the two girls went down together.

Jumped into a Hole

They had jumped off into a hole in the river bed and as they realized they were under water and could not touch bottom Fannie clutched hold of her friend and the two began struggling against the death which stared them in the face.

Mrs. Peters, who had been watching the girls from the bank, thought they had fallen down in the water and were unable to get up. Terrified with fright and without waiting to remove any of her clothing she rushed to their aid and just as she caught hold of them she realized that she too was beyond her depth. Fearing that by holding them she lessened their chances of rescue she let go her hold, although the little Litts girl continued to cling to her.

Sent Up Cries for Help

Meanwhile the two girls who were in bathing with the drowning girls sent up lusty and frightened cries for help. A little way up the bank of the river there were two boys in a boat and on the other side of the river was another boat with two boys in it. Those on the east side tried

to row across but were so frightened that they rowed round and round in a circle. They tried to shout to the boys near the west bank but could not find their voices for fright.

John Airis was with the boys at the west bank. He had been in swimming and had his bathing suit on. He was waiting for one of the boys in the boat to join him in the water. Much quicker than can be told he and his companion started to the rescue. The companion was so excited that he pulled off one shoe and stocking and rushed into the water. When he saw that the water was beyond his depth he stopped as he could not swim and he thought that he would be of no use.

Kept His Nerve Splendidly Master Airis kept his nerve and head splendidly. He hurried to the spot where the girls had already ceased struggling and seized Pearl Peters by the hair. Still clinging to her hair he pulled her from the water and then rescued Fannie Litts in the same way. Mrs. Peters who had not been under as long as the girls and was still struggling and when he tried to pull her out she attacked him almost with the ferocity of a maniac.

She grabbed her rescuer and scratched him quite badly on the chest but he finally succeeded in pulling her to the shore. As she is a large woman it seems as if he must have been given superhuman strength as well as great courage.

One Lost Consciousness Pearl Peters was the only one who lost consciousness and she regained her senses within a few minutes. She says that she only came up once and that when she first went down she struggled terribly but afterwards she didn't care whether she drowned or not. She kept both her hands tight over her mouth while she was in the water and only breathed in a little water through her nose.

She knew John was coming to help them and remembers his catching her by the hair. The next she knew there was a blur and then she was out of the water. She was sick in the next day and has not fully recovered yet. Her mother also suffered considerably from the effects of her terrible experience under the water and the little Miss Litts seems to have escaped the most easily, although she was very pale for some time after the accident and her skin was covered with blue blotches.

Was a Narrow Escape It was a narrow escape from the treacherous waters of Rock River and too much praise and credit cannot be given the young boy who proved himself to be such a hero in the time of need.

There are not many thirteen year old boys who would have proven equal to the emergency. The city, as well as his friends, has reason to be proud of such a boy as Master John Airis.

THANK OFFERING OF LOANI BAND

Largely Attended Meeting of Young Girls at the Congregational Church Last Evening.

The annual thank offering meeting of the Loani band of the Congregational church was held in the church parlors last evening and was largely attended. The young ladies of the church were invited to meet with the society and a out fifty young women gathered around the prettily spread tables where supper was served about 6:30 o'clock. The supper was an unusually elaborate one and ample justice was done the appetizing menu.

After the supper and the pleasant social hour which accompanied it, the annual meeting of the society was held and the society's thanks were tendered the efficient officers who have served so faithfully and well during the past year. Additional compliment was paid the officers when they were unanimously re-elected for the coming year. The officers are Miss Fannie Ryckman, president; Miss Mary Farnsworth, vice president; Mrs. Arthur Wheeler, secretary and Mrs. Frank H. Farnsworth, treasurer.

The program for the evening meeting was unusually interesting and the members of the society were delighted at having with them, Miss Lucy Walker, of Milton, the state president of the woman's missionary societies. Miss Walker gave the address of the evening and spoke in her earnest and entertaining way of the needs of the work in foreign fields and the responsibilities of the people in this country.

Mrs. R. C. Denison spoke a few words of encouragement to the society, praising the work which it is doing and congratulating the society on the efficiency of its officers. She also urged the young women to be present at the missionary meeting this afternoon when Miss Cora Welton takes her formal leave of the state officers to go forth to missionary work to Turkey.

Miss May Cunningham gave one of her ever-welcome informal talks on the purposes of the Loani band and encouraging report from the treasurer, Mrs. Frank H. Farnsworth. The circle gives \$150 annually to foreign missions and the greater part of this appropriation which must be sent out this month is already pledged.

Mrs. E. J. Samuels and son Collin and daughter Marguerite left this morning for Madison to reside. Collin will take a course at the university.

QUINTET OF VAGS IN POLICE COURT

Regular Street Parade This Morning When They Were Brought Before Judge Fifield.

A quintet of vags and a trio of drunks, led by Chief of Police John Hogan with Officer John Brown in the rear made a street parade this morning and brought up before the bar of the municipal court. The vags were John Flynn, who was sentenced to ten days in jail; W. H. Myer, Robert Wiseman, Edward Hogan and John Ryan, all of whom will serve twenty days each in jail. The three drunks were Michael Riley, who will serve fifteen days in jail in default of the payment of \$6.30; Ernest Byers who got four days in jail in default of \$3.50; and Paty Griffin who went down for eight days in default of \$4.30.

Rock County Telephone Co.

The putting in of an improvement to their switch board is making new trouble for the operators of the Rock County Telephone company, who have been for some time laboring under difficulties because of the noise and dust attending the rebuilding of the block where the exchange is located, the noise making it hard to hear well, and the dust interfering with good connections. The improved switch-board will have small electric lights which will show at once a call on central, or a ring-off, and will remedy many troubles common to all telephone service in a busy office. But as the company has upward of 800 telephones in actual service, and many connections have to be broken in putting in the improvement, it has been impossible to avoid some confusion. The work on the switch-board will be finished this week, and the work on the building will soon reach a point where it will not interfere with the exchange.

Archibald Reid & Co. will continue their linen sale Thursday.

Archibald Reid & Co. will continue their linen sale Thursday, on account of today being so rainy.

Telephone R. B. Harper for choice cuts of meat. Old phone 415; new phone 15.

All straight live cent cigars you can buy at Grubbs, not 5 for 25c, but 7 for 25c. An ordinance has been introduced in the Beloit council to compel all persons who transport baggage and passengers for hire to pay a license fee of \$25. The fee for carrying baggage alone is \$10. Every violation of this act is punishable by a fine of \$5.

The electric lights went out very suddenly last night about 11:30 o'clock, and the entire city was plunged into darkness. A broken clutch at the Janesville Electric company's power house, was the cause, and the plant was shut down this morning while the necessary repairs were made.

The wet and cold weather interferes greatly with the attendance at the state fair from this city. Very few people are going into Milwaukee on account of the rain and cold. Less than one hundred tickets were sold today by both roads. Quite a crowd of people are figuring on going into Milwaukee during the week if the weather clears.

Owing to an accident to the machinery at the plant of the Janesville Electric Co., it will be necessary to leave the street lights in the First ward in darkness tonight, as it will be impossible to finish the repairs until tomorrow. The new engine of the company is being put in place, and soon they will be in a position to guard against breakdowns to a large extent.

Miss Mabel Greenmann was the hostess at a very pretty afternoon card party yesterday, her guests being sixteen of her young lady friends. The afternoon was most enjoyably spent in playing progressive hearts, Miss Claribel Butterfield proving the most proficient at the game and winning the prize. At 6:30 o'clock an elegant dinner was very prettily served and shortly afterwards the delightful guests bade their charming hostess a reluctant good-night.

Prof. T. J. Martin's special organizer for the Beloit business college, was in the city to look over the field with reference to the new college which has recently been opened at Beloit in the Hamilton Block. Mr. Martin wishes to secure ten charter members from this city to the school and as an inducement offers a saving of \$40 on each of the scholarships. The school has two departments, that of shorthand and typewriting, and the other of business. A fuller account of the school will appear in tomorrow's issue.

W. B. Davis, wife and son, Earl, returned last evening from a two weeks' visit in Indiana and attending the Knights Templar Conclave. During the convale they were the guests of City Attorney T. J. Brock and family of Jeffersonville. Mrs. Brock is a sister of Mr. Davis.

Miss Grace Wright leaves tomorrow for Black River Falls where she has the position of first principal in the high school.

VETERANS IN BIG PARADE

Perry's Victory on Lake Erie Fitly Celebrated.

GREAT DAY IN CLEVELAND.

Race for High Office—General Daniel Sickles May Be Elected as the Next Commander in Chief—200,000 Visitors in Attendance.

Cleveland, Sept. 11.—Naval veteran took the center of the stage in the national encampment of the Grand Army of the Republic opened under the most auspicious circumstances. The day was largely devoted to assigning the veterans to quarters. General Sickles' campaign for commander in chief is in the hands of Charles A. Orr, commander of the department of New York. Mr. Orr is opposed to the administration of the pension office and will make his fight in the encampment on that issue. Other candidates are General Stewart of Pennsylvania and Judge Torrance of Minnesota. Captain John McElroy and Commander J. L. Smith of Cleveland are candidates for senior vice commander.

Sickles a Strong Candidate.
Friends of General Daniel E. Sickles claim he is gaining in strength in the race for commander in chief. He is about the last survivor of the great corps commanders and a persistent fighter of the methods of Pension Commissioner Evans. If he is successful it will be the first instance of a Democrat holding this important office. It is said that General Stewart

GENERAL SICKLES.
(Commander-in-Chief.)

of Pennsylvania is the administration choice for commander in chief. Judge Eli Van Sant of Minneapolis is also a candidate and his friends are making strong claims for him. The election promises to be very spirited.
Mrs. Callista Robinson Jones of Bradford, Vt., is a candidate for president of the Woman's Relief Corps, the largest auxiliary body allied to the Grand Army. Her election is practically decided upon. The real business relative to the administrative affairs of the Grand Army commenced this afternoon, when numerous caucuses were held at the headquarters of the various departments. It is estimated that fully 200,000 visitors are in the city. A light rain is falling, but this did not deter the visitors from assembling in immense throngs along the line of march. The rain ceased shortly before the hour set for the parade to start, and the weather continued favorable, although cloudy and threatening until it disbanded. Much regret was expressed by veterans at the announcement that Vice President Theodore Roosevelt will not be able to attend the encampment. It was confidently expected that the popular military idol would be here on President's day, but dispatches from Buffalo indicate that he went to Oyster Bay today. The citizens committee on President's day has placed the arrangements for Thursday wholly in the hands of Senator Hanna, who will also preside at the proceedings of the big G. A. R. convention.

Speech by Gen. Black.
At Central Army last night, before the Union ex-Prisoners of War, Governor Nash of Ohio and Governor Bliss of Michigan addressed the assemblage. Every speaker of the evening prefaced his remarks with a feeling tribute to the stricken chief executive of the nation, and General John C. Black of Illinois voiced the sentiment of the assemblage when he said that "no assassin's bullet could ever endanger the life of the Republic."

WAR HEROES MEET IN CAMP.

Borrow for McKinley's temporary joy of Veterans.

Cleveland, O., Sept. 11.—Cleveland is filled with veterans of the war of 1861 to 1865, attending the national encampment.
General Daniel E. Sickles during the day gave expression to a sentiment which is reflected in the heart of every veteran at the encampment. Tall and sturdy as though the snows of over seventy winters had not sifted their powder into his scanty locks, erect upon his crutches, General Sickles strode into National G. A. R. headquarters. Lifting his cap to Gen. Leo Ransleur and other dignitaries, he bowed and exclaimed:

"Comrades, let us thank God for the news from Buffalo. The Lord has heard the uplifted prayers of the civilized and uncivilized world, Christian, Mohammedan, Chinese and all people have united with us in prayer that McKinley might be spared to us. That prayer is answered. I'll back McKinley's luck every time. The god of battles stood by him during the war. The god of good fortune has remained with

him ever since. He cannot die at this time and under such circumstances."

The seven corps of the Woman's Relief Corps of Cleveland gave a reception tonight in the Rose building in honor of the national officers and delegates to the convention of that order.

The first day of the thirty-fifth annual encampment of the Grand Army of the Republic opened under the most auspicious circumstances. The day was largely devoted to assigning the veterans to quarters. General Sickles' campaign for commander in chief is in the hands of Charles A. Orr, commander of the department of New York. Mr. Orr is opposed to the administration of the pension office and will make his fight in the encampment on that issue. Other candidates are General Stewart of Pennsylvania and Judge Torrance of Minnesota. Captain John McElroy and Commander J. L. Smith of Cleveland are candidates for senior vice commander.

Reunion Is Postponed.
Akron, O., Sept. 11.—Arrangements for a reunion of the Eighth Ohio regiment of the Spanish-American war, popularly known as the "President's Own," have been put aside until the complete recovery of the president. It had been hoped to have him present at the reunion.

Railway Mechanics Strike.
San Bernardino, Cal., Sept. 11.—Three hundred mechanics employed at the Santa Fe shops here quit work because the company refused to pay them extra for working on a holiday. The men will report for duty today, but there is some doubt as to whether the company will allow them to come back.

Stylish and Very Pretty

This style hat is quite popular at present. In fact it is never out of style. It, like all other pretty hats, attracts a great deal of attention, and the hair, of course, is scrutinized at the same time. Therefore, it is quite necessary that the hair should look well. A beautiful head of hair is much more admired than the finest hat ever made. If you have thin and falling hair, a few months' treatment with Dandine, the great hair tonic, will fully restore it and make it more beautiful than ever. If, on the other hand, it should be reasonably nice to begin with, just a few treatments of this great hair beautifier will make it nicer still. It gives new life and vigor to the hair and makes it grow thick, long, silky and glossy without changing its natural color a particle. Now at all drug stores in three sizes—25c, 50c and \$1.00 per bottle. Be sure you get the genuine, made only by the Knowlton Dandine Co., Chicago, Ill.

For sale by Smith's Pharmacy and Peoples' Drug Co.

ROBINSON'S FINE STOCK

The Total Paid Circulation exceeds 15,000
Gain Since June 1st, 1900, over 1000

Told by Pain

If you have pains you should look after them quickly. Pain shows something is wrong. The sharper the pain the more danger there is in delay. There are thousands of women to-day who are bearing awful pain almost continually, rather than tell a physician about the shooting pains in their lower abdomen, about the agony of falling of the womb and the distress of leucorrhoea. They let the months pass and their trouble becomes harder to cure and more distressing. But modest women can secure exemption from the embarrassment of a private examination. When pain tells them of danger they can cure themselves by the use of

WINE OF CARDUI

In the privacy of their homes. You can be cured without distressing publicity. With these facts before you there is no reason for the delay which is increasing your misery and wasting the days of your life. Why not stop the pain today?

I have used one bottle of Wine of Cardui and one package of Theodor's Black-Draught. Before I began to take your medicines I had pains in my back, hips, lower bowels and my arms. Sometimes I thought I would go blind. My head ached and I was so weak I could hardly walk across the floor. Now I can only feel a little of the pain in my side and I am going to use your medicines until I get cured, for I believe they will certainly cure me. I have been married twelve years and am the mother of seven children. I thank you for your wonderful medicine and what it has done for me.

MATILDA SMITH.

For advice and literature, address, giving symptoms, "The Ladies' Advisory Department", The Chattanooga Medicine Company, Chattanooga, Tenn.

COLICKY FRETTEY TEETHING BABIES NEED LAXAKOLA

The Great Tonic Laxative

WATCH the children carefully. Their health, perhaps their lives, depend on keeping their bowels regular. Many parents make a mistake by giving their little children the old-fashioned, violent purgatives which are racking and griping, and are therefore not only unpleasant, but dangerous.

Laxakola does not gripe nor irritate. It is a pure, gentle and painless liquid laxative. It is not only a sure laxative, but it contains valuable tonic properties which not only act upon the bowels, but tone up the entire system and purify the blood. A few drops can be given with safety to very young babies, and will often relieve colic by expelling the wind and gas that cause it. Great relief is experienced when administered to young children suffering from diarrhoea, accompanied with white or green evacuations, as LAXAKOLA neutralizes the acidity of the bowels and carries out the cause of the fermentation. It will aid digestion, relieve restlessness, assist nature, and induce sleep. For constipation, simple fevers, coated tongue, or any infantile troubles arising from a disordered condition of the stomach it is invaluable. At druggists, 25c and 50c, or send for free sample to LAXAKOLA CO., 152 Nassau Street, New York, or 358 Dearborn Street, Chicago.

Trade supplied by King's Pharmacy and People's Drug Store.

Very Low Rate Excursion Tickets to National G. A. R. Encampment at Cleveland, Ohio, Via the North-Western Line will be sold, with favorable return limits. This encampment will be held at Cleveland Sept. 10 to 14. For dates of sale and further particulars apply to agents.

MERRICK & HUTSON,

STATE AGENTS.

Suite 329-331 Hayes Block.

Janesville, Wisconsin

Correspondence invited. Local agents wanted.

HAVE YOU SEEN HER?

MME. ETHEREAL is daily proving to the most skeptical of Janesville, that she can do all that she claims. All she asks to be given a trial and satisfaction is assured. There are ladies of this city who do not care to have their name brought before the public, who claim wonderful results from only two treatments. MME. ETHEREAL don't treat everything, but cures all she treats. She removes wrinkles, superfluous hair, warts, moles, etc. by electrolysis and other scientific processes. She treats the scalp for dandruff and falling hair. Give her a trial today, as per card attached in the chief of time. Hair dressing and manicuring parlors in connection. Parlor 224-226 Hayes Block Wis. Phone 211. Office hours 9 to 12 M. 1 to 6 P.M.

OFFICIAL NOTICE.

Annual City Taxes.

Published by the authority of the common council of the city of Janesville.

OFFICE OF THE CITY TREASURER, JANESVILLE, WIS., SEPT. 6, 1901. To whom it may concern: The tax rolls and warrants for collection of city taxes for the year 1901, are now in my hands for collection and all persons interested are requested to make payment thereof at the office of the City Treasurer in the City of Janesville, or the same will be collected at the cost and expense of the persons liable for the payment of said taxes.

JAS. A. FATHERS, Treasurer City of Janesville.
